Host supplied ammo (shotgun primers, CFDA wax bullet cases and Bandit wax bullets)

The top 5 men and top 5 women who were eliminated from the California State Championship at the conclusion of shooting the main event on October 13, 2007 will be shooting it off in this special event. In order to qualify the contestant must NOT have shot faster than .650 during the first day of competition. For example if men's shooter A shot their fastest time at .650 and the next fastest shooter, shooter B, shot a fastest time of .653 both would qualify for this match. If the next fastest time posted was by shooter C at .780, shooter D at .899 and shooter E at .987 those would be the top 5 men's shooters qualifying for the match. If there were 3 shooters who posted a .987, in this example, then their names would be thrown in the hat and the winner of the draw would take the 5th spot. The evaluation process is repeated to determine the top 5 women shooters. Men and women will compete in the same group. There is no entry fee for this special match.
